

Tank Mount Valves

Vent Valve Rollover, Tank Mount, Ø5.0 – 7/16" UNF Thread.
Part Number: CF-AA-014 (TBV45)

Specifications:

Fixing Arrangement:

Applications:

Compatibilities:

Finish:

Weight:

Flow Capacity:

Valve Placement:

90° Ø5.0 Standpipe (Top)
7/16" UNF Thread (Bottom)
Motorsport, Automotive, Marine & General
Operation Temperature -40°C to +80°C
Anodised Silver
10.5 grams
0.6 litre/second
Vertical ±10° (Top of Tank)

Materials:

Bodies:

O-Ring:

Internal Floatation Ball:

Secondary Floatation Ball:

Retention:

Nut:

Aluminium Alloy 6082/T6
Viton A (FPM or FKM)
HDPE Plastic (Green)
Stainless Steel 316
Brass
Aluminium Alloy 6063/T2

Dimensions:

Outside Diameter A:

Height B:

Bolts Circle Diameter C:

Depth D:

17.5mm
29.0mm
Ø5.0 Spigot
7/16" x 20UNF Thread

Optional('s):

For extreme Fuel usage, please contact a Newton Representative.
